

LIDO

A range of micro-terrazzo tiles reminiscent of vintage cement tiles. The collection features two field tiles (in Grey and White) with a perfect definition, combinable with each of the décors. Thanks to the latter's geometrical designs, they can be used in tandem to create eye-catching continuous patterns.

Línea de micro terrazo en la gama de tendencia hidráulica. Dos bases (Grey y White) con una definición perfecta que combinan con cada uno de los decorados. Referencias de inspiración geométrica que generan cuidados patrones en continuidad.
